

Lynch Syndrome Screening Network

October 27, 2012
Yawkey Center at Dana-Farber Cancer Institute
Conference Rooms 306 and 307 (third floor)
450 Brookline Avenue
Boston, Massachusetts

DRAFT

Meeting Objectives:

1. To bring together new and founding members of the Lynch Syndrome Screening Network (LSSN), to further address our emerging consortium's goals, governance, data sharing, and educational resources
2. To present newly developed LSSN website and database; to present newly approved bylaws and governance structure of LSSN
3. To further refine key research questions to be addressed by LSSN; and to finalize data sharing and publication/authorship protocols
4. To discuss implementation and dissemination models that are relevant to LSSN and consider best model to utilize for LSSN
