

**Lynch Syndrome Screening Network**  
208A Convention Center  
October 8, 2013 - 5:00-9:00pm

**Meeting Objectives:**

1. To bring together members of the Lynch Syndrome Screening Network (LSSN), to further address our emerging consortium's continuing work, database, data sharing, and educational resources
2. To present the finalized LSSN database; to discuss IRB approvals, data use agreements and data sharing related to LSSN data activities
3. To review available educational materials and resources (website, listserv), discuss further needs and venues for dissemination
4. To discuss future directions, funding, and projects related to LSSN's goals
